Education

United International University — **Dhaka, Bangladesh**

B.Sc. in Computer Science & Engineering, Major: Data Science — 2022 – 2026

CGPA: 3.03/4.00

Skills

Languages: C, C++, Java, Python, JavaScript, SQL, BASH, HTML/CSS, LaTeX

AI & Machine Learning: NumPy, Pandas, Matplotlib, Scikit-Learn, OpenCV, PyTorch

Web & Database: Next.js, Tailwind CSS, Supabase, Vercel, Netlify, TiDB, MySQL, PostgreSQL, Prisma

Tools & Hardware: Git, GitHub, Raspberry Pi, ESP32, Arduino, Proteus, Logisim, CISCO Packet Tracer

Selected Projects

AnyTate (FCoT Annotation Platform) [github] [live] **2026**

Engineered a full-stack computer vision web platform (**Next.js, PostgreSQL, Supabase, GCP**) enforcing Few-Shot Chain-of-Thought (FCoT) reasoning guidelines with dynamic taxonomy versioning, zero-latency queue caching, and native **YOLO/COCO** exports.

TaskVault (Web Platform) [video] [live] **2026**

Developed a learn-to-earn platform (**MySQL, Next.js**) bridging education and employment via an LMS, a Reputation Point engine, and secure escrow-based corporate bounties.

EcoRover (Waste Sorting Robot) [github] [video] **2025**

Built a 4-DOF robotic system (**Python, OpenCV, YOLOv8n, Raspberry Pi 5**) that autonomously classifies and sorts recyclable waste using computer vision.

UIU Platformer (Onboarding Game) [github] [video] **2024**

Developed a 2D onboarding simulation game (**Java, JavaFX**) and evaluated usability through testing with **20+ participants**.

Extracurricular & Leadership

- **On-Campus Champion**, Hult Prize 2026: Led a team to win the on-campus social entrepreneurship round by pitching a venture concept, advancing to represent UIU at the Nationals.
- **Participant**, Build with Gemma: Bangladesh (Kaggle): Participated in Google's generative AI hackathon, leveraging the Gemma open-weights model to engineer localized LLM solutions. [link]
- **Graphic Design Intern**, Youth School for Social Entrepreneurs (YSSE): Contributed visual assets and design solutions as part of a structured applied graphic design internship program. [certificate]
- **Admin and Moderator**, Castpotro: Oversaw community engagement, moderated discussions, and coordinated logistics for an online podcast event.

Awards & Certifications

Google AI Essentials Specialization, Google [certificate] [badge] **2026**

4th Runner-Up, UIU CSE Project Show (Software Engineering) **2025**

2nd Runner-Up, UIU CSE Project Show (Advanced Object-Oriented Programming) **2024**

Claude Code 101, Anthropic [certificate] **2026**

Intro to Machine Learning, Kaggle [certificate] **2026**
